

# DIALYSIS TECHNICIAN

— A step to build your Health Career —

**DM WIMS**  
Medical College & Hospital

 **N.S.D.C.**  
National  
Skill Development  
Corporation  
*Transforming the skill landscape*

 **Healthcare  
Sector  
Skill Council**

**National Skill Development Corporation (NSDC)** was set up as part of a National Skill Development Mission by **Government of India** to fulfil the growing need in India for skilled manpower across sectors and narrow the existing gap between the demand and supply. To contribute significantly to the overall target of skilling up of people in India, mainly by fostering private sector initiatives in skill development programmes. Skill based learning focuses on increasing employability through series of inputs to, equip students with appropriate hands-on skills which helps them to be job- ready. Core focus on job role based skills leads to comprehensive specialization, thereby increasing efficacy of the candidate. Skill Training interventions raises confidence, improves productivity & competency of an individual through focused outcome based learning.

**Dr. Moopen's Academy**, is envisioned by DM Education and Research Foundation trust led by Dr. Azad Moopen a brilliant academician, genuine philanthropist and remarkable entrepreneur. The institution is set with a clear vision not only to provide the best healthcare at affordable cost to the people of Wayanad District, which is considered as the most underdeveloped district of Kerala but also to spearhead health related educational institutions for imparting Medical, Nursing, Pharmacy, Para-medical, Biotechnology and collaborative courses like MEM, PGDEMS, EMT-A, CMT etc. DM WIMS is the first NABH accredited Medical College Hospital in North Kerala and the 2nd in State, located amidst the beautiful hills on Wayanad. The Teaching Hospital was commissioned in 2012 and offers all General and Super Specialty Services. Dr. Moopen's Academy now offers skill based course "**Dialysis Technician**" affiliated to National Skill Development Corporation.

Dialysis Technician also referred to as Renal Dialysis Technician, Hemodialysis Technician, or Nephrology Technician. Dialysis Technician operates machines and perform dialysis on patients with acute or chronic kidney failure. They work under the supervision of physicians and nurses, primarily in hospitals, clinics, dialysis centers/facilities, some nursing homes, assisted living facilities, and long term care facilities. They are responsible for the operation, cleaning, and sterilisation of the dialysis machines. Dialysis Technicians give patients important medical, technical, social and emotional support and also provide vital information on patient conditions to Nurses, Doctors, and other medical staff.

This job requires the individual to work in collaboration with Doctors, Nurses and other healthcare providers. They must have good communication skills to accurately report and document findings/results of their patients. They should be sensitive to the needs of the patient and be able to establish a good rapport with them.
